4. Tarbiyah School

TARBIYAH SCHOOL IN KARACHI

Tarbiyah

Our children are our future. If trained and guided properly, they will prove to be the asset and pillars of an ideal society.

Tarbiyah of our future asset is a shared responsibility of school, parents and teachers! Mother's lap is the first institution of a child, while a teacher develop and enhances student's skills and abilities. In other words, a good academy shares the responsibilities of those God fearing parents who value the need of religious and moral education, while performing the duty of raising their children.

“He is the One from Whom help is sought and His is the responsibility to communicate (the truth). There is no power or strength except Him, the Exalted, the Great.”

Tarbiyah Programs

Tarbiyah Sessions

We firmly belief that both parents and teachers play a vital role in grooming character of children. We have a weekly tarbiyah session for teachers and bi-monthly tarbiyah sessions for parents because we firmly believe that both parents and teachers play a vital role in grooming character of children.

Tarbiyah as Subject

Teacher relates different topics under the light of Quran and Sunnah. Topics are selected according to class level and a healthy, reflective discussion takes place.

Seerah

Seerah is taught to nurture the love of Prophet (saws) in the hearts of children more than any other person.

Adaab

General Adaab is taught in accordance with the Quran and Sunnah, along with the memorization of respective duas.

GCYM Competition

This is a unique series of competitions for students of all classes where they are given tarbiyah-related targets to achieve. Students are compelled to work on grooming their characters. Teachers and parents have a great role to play in it.
